Hi Team – just looping you in on some of the public communications coming out from EGLE regarding Benton Harbor. Just an FYI. Thanks!

Cheers
Carolyn

I'm forwarding to you because Mike is out. I'm not sure who is involved in the enforcement and compliance side of this issue, perhaps you can share with them. Thanks.

DHHS, EPA, CAA and EOG colleagues:

EGLE's Benton Harbor [Drinking Water Response web page](#) is now live.

The one-page summary of testing results, with a link to full data, is available under the "Lead Testing Summary" button. I have attached the final copy of the one-pager for convenience.

IF there are other links we should include please let me know.

Laura, can you share the URL with whoever is appropriate so that the DHHS materials can link to this resource?

Thanks!

Hugh
